Homeowners who require a new mailbox to replace the original one are responsible for purchasing the replacement mailbox. Replacement mailboxes must conform to the original design (#6518A) noted above.

From time to time, maintenance of mailboxes will also require replacement of house number and llama decals, as well as a new coat of flat black paint. Likewise, the cost of maintaining a mailbox is the responsibility of the homeowner. The decals may be purchased from **Sandhills Signs** on Rt. 5 in Aberdeen. Their office is on Fields Drive, about 750 yards from The Pit golf course. The cost for two llamas and two sets of house numbers is \$10.68, including tax. The llama should be placed at the rear on each side of the mailbox and the house number in the middle, directly above the post. You may call ahead (910-944-6004) to order your decals.
